### Unique Performance and Usability

be quiet! Silent Base 600 offers the perfect symbiosis of noise prevention and cooling performance, a good usability and an extensive capacity for high-end hardware.

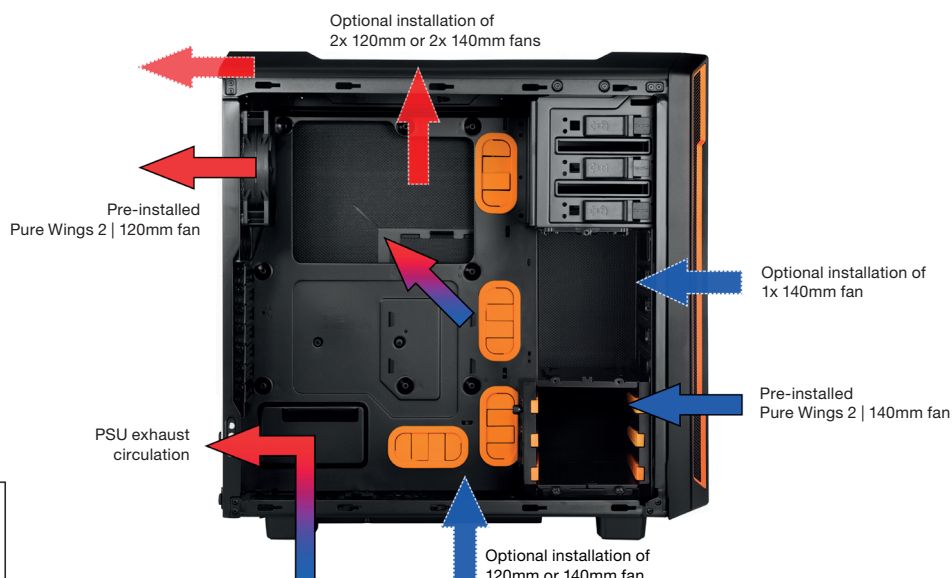

#### Highlights »

- Outstanding performance thanks to an innovative construction that assures excellent cooling efficiency and a perfect air-circulation at well-known whisper-quiet operation
- Excellent usability with simplest mounting and tool-free fitting of drives, an intelligent and adaptable cable solution, and air intake filters that are easily accessed for cleaning
- Ample space and cutouts are provided for high-end components of today and tomorrow, including space for water cooling radiators
- Two pre-installed Pure Wings 2 fans feature nine airflow-optimized fan blades and are decoupled from the case to circulate air with a minimum of vibration and the quietest possible operation; 3-step fan controller included
- Side panel with adjustable vent that can be closed for silent operation, partially open for increased air intake or open with an additional fan for higher cooling performance
- Professional cable management is supported with generous space for organizing cables, silicone rubber grommets, and carefully placed pass-throughs
- Product conception, design and quality control in Germany
- 3-years manufacturer's warranty
