

# SILENT BASE 600

UNIQUE PERFORMANCE AND USABILITY

## WINDOW

### IDEAL APPLICATIONS

High resolution gaming and multimedia systems  
Overclocked systems  
Superior quiet PC systems

### HIGHLIGHTS

Intelligent airflow for excellent cooling performance  
Unique concept for well-known be quiet! silence  
Two pre-installed be quiet! Pure Wings 2 fans  
Extensive capacity for high-end hardware  
Easy tool-free fitting and cable management

### Unique Performance and Usability

be quiet! Silent Base 600 Window offers the perfect symbiosis of noise prevention and cooling performance, a good usability and an extensive capacity for high-end hardware.

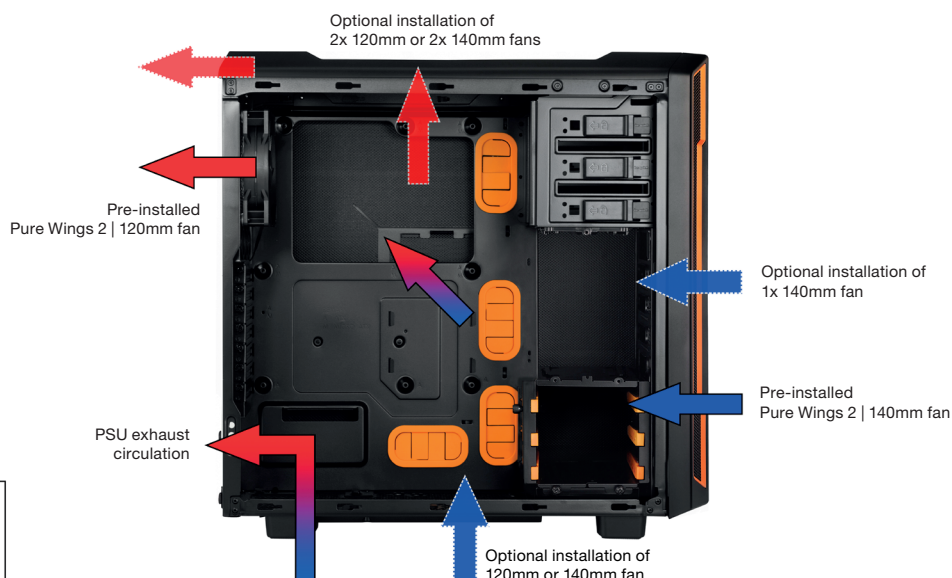

#### Highlights »

- Outstanding performance thanks to an innovative construction that assures excellent cooling efficiency and a perfect air-circulation at well-known whisper-quiet operation
- Excellent usability with simplest mounting and tool-free fitting of drives, an intelligent and adaptable cable solution, and air intake filters that are easily accessed for cleaning
- Ample space and cutouts are provided for high-end components of today and tomorrow, including space for water cooling radiators
- Two pre-installed Pure Wings 2 fans feature nine airflow-optimized fan blades and are decoupled from the case to circulate air with a minimum of vibration and the quietest possible operation; 3-step fan controller included
- Side panel with double-glazed window provides a perfect view inside the PC system; the window is made from scratch and impact resisting material and offers a superb soundproofing
- Professional cable management is supported with generous space for organizing cables, silicone rubber grommets, and carefully placed pass-throughs
- Product conception, design and quality control in Germany
- 3-years manufacturer's warranty
